Program Overview

Breast cancer care today demands a comprehensive, multidisciplinary approach encompassing breast oncology, surgical decision-making, oncoplastic techniques, and reconstructive options.

This one-day CME brings together experts in breast oncology and reconstructive surgery to discuss current standards, evolving concepts, and cutting-edge techniques that shape modern breast cancer management. The program emphasizes collaborative planning, evidence-based practice, and patient-centred outcomes.

Key Highlights

- Contemporary breast oncology and cancer management
- Surgical decision-making in breast cancer
- Oncoplastic breast surgery - principles and practice
- Breast reconstruction options - pedicled and free flaps
- Timing and selection of reconstruction techniques
- Case-based learning and expert insights
- Panel discussion: Integrating breast reconstruction into cancer care

INVITATION

Dear Colleagues,

It gives us immense pleasure to invite you to a one-day Continuing Medical Education (CME) programme on “Oncology-Driven Oncoplastic Breast Surgery – Comprehensive Breast Cancer Management: From Oncology to Reconstruction.”

This CME has been thoughtfully designed to bring together eminent international and national faculty, along with leading experts in breast oncology, oncoplastic surgery and reconstruction, to share contemporary, evidence-based and practical approaches to breast cancer care — from tumour biology and personalised oncology to aesthetic reconstruction and survivorship management.

We warmly welcome you to join us for an enriching academic experience, engaging case-based discussions and cutting-edge updates in comprehensive breast cancer management.

Warm regards,
Organising Committee

**Department of Plastic &
Reconstructive Surgery**

Dr. Anil Murarka, Dr. Mohit Sharma,
Dr. Shikha Gupta, Dr. Devajyoti Guin,
Dr. Vasundhara Jain

Department of Breast Surgery

Amrita Hospital, Faridabad

Detailed Programme

Time	Topic
09:00 AM onwards	Registration
9:00 AM - 10:00 AM	Morning Tea/Coffee
10:00 AM – 10:20 AM	Inauguration & Welcome
Session 1 – Contemporary Breast Oncology	
10:20 AM – 10:40 AM	Genomics & Hereditary Breast Cancer - Dr. Moushumi Suryavanshi
10:40 AM – 11:05 AM	BCS vs Mastectomy – Evidence-Based Decision Making - Dr. Shiveta Razdan
11:05 AM– 11:30 AM	Precision Oncology in Breast Cancer - Dr. Megha Tandon
11:30 AM – 11:55 AM	Systemic Therapy - What the Surgeon Must Know - Dr. Saphalta Baghmar
11:55 AM – 12:20 PM	Contemporary Management of the Axilla - Dr. Geeta Kadayaprath
12:20 PM – 12:40 PM	Discussion & Interaction
Session 2 – Oncoplastic Breast Surgery	
12:40 PM – 1:10 PM	Oncology-Driven Oncoplastic Surgery - Dr. Ashok B C
1:10 PM – 1:35 PM	Case-Based Oncoplastic Challenges - Dr. Anushree Vartak
1:35 PM – 2:20 PM	Lunch Break
Session 3 - Breast Reconstruction	
2:20 PM – 2:50 PM	Breast Reconstruction in India – Current Scenario & Challenges - Dr. Vinay Shankhdhar
2:50 PM – 3:10 PM	Immediate vs Delayed Reconstruction - Dr. Bhagwat Mathur
3:10 PM – 3:25 PM	Implant-Based Reconstruction vs DIEP Flap - Dr. Shikha Gupta
3:25 PM – 4:00 PM	Pedicled, regional and free flap options for breast reconstruction - Dr. Bhagwat Mathur, Dr. Vinay Shankhdhar
4:00 PM – 4:10 PM	Tea Break
Session 4 - Breast Cancer Survivorship & Complications	
4:10 PM – 4:35 PM	Management of Breast Cancer-Related Lymphedema (BCRL) - Dr. Juhi Agrawal
Session 5 - Panel Discussion	
4:35 – 5:25 PM	Personalized Breast Cancer Care: From Genomics to Reconstruction & Survivorship - Dr. Bhagwat Mathur, Dr. Vinay Shankhdhar, Dr Anil Murarka, Dr. Mohit Sharma, Dr. Ankur Bhatnagar, Dr. Geeta K., Dr. Juhi Agrawal, Dr. Samarth Gupta, Dr. Moushumi S., Dr. Saphalta B., Dr. Anushree V., Dr. Megha T.
5:25 – 5:30 PM	Valedictory
