**BUILD
SUMMIT 24**

The main title "BUILD SUMMIT 24" is displayed in large, bold, blue letters. The word "BUILD" is on the top line, "SUMMIT" is on the bottom line, and "24" is inside a blue circle. The text is overlaid on a stylized orange graphic of human lungs.

Building Consensus and Bridging Perspectives in ILD

WORKSHOP

6th JAN
2024 Saturday

9:00 am
onwards

Amrita Hospital,
Kochi

CONFERENCE

7th JAN
2024 Sunday

8:30 am
onwards

Holiday Inn,
Kochi

Dear Doctor,

ILDs encompass a diverse group of pulmonary disorders, each presenting unique challenges in diagnosis and management. Our mission at BUILD Summit 2024 is to bridge the knowledge gap, inspire collaboration, and foster a sense of unity among experts, medical professionals, and researchers working tirelessly to combat these complex diseases.

The first day of our summit will feature a comprehensive one-day workshop. This workshop will provide a platform for deep-dive discussions, sharing best practices, and exploring innovative approaches to ILD diagnosis and treatment. Attendees will have the opportunity to engage with peers, learn from case studies, and gain hands-on experience with the latest advancements in diagnostic tools and therapies.

The second day of BUILD Summit 2024 will be dedicated to our conference, where we bring together a distinguished panel of experts to share their research, insights, and real-world experiences in the realm of ILD treatment. Our aim is to foster discussions that lead to a consensus on the most effective strategies for patient care. It's a day for networking, learning, and contributing to the collective wisdom in our ongoing fight against ILD.

The topics we'll cover span the entire spectrum of ILDs, from idiopathic pulmonary fibrosis, rare cystic lung disease ILD, Fibrotic HP, sarcoidosis and beyond. Our program is designed to encourage cross-disciplinary discussions (MDD) and inspire new ideas that can shape the future of ILD treatment. The goal is not only to educate but also to inspire participants to take these learnings back to their respective institutions and contribute to the ongoing improvement of ILD care.

We look forward for your esteemed presence for this summit filled with knowledge-sharing, collaboration, and a collective commitment to the well-being of ILD patients in India.

Sincerely,

COURSE DIRECTOR

PROF. DR ASMITA MEHTA

MD, MRCP (UK), FRCP, FCCP

HOD, Dept: Respiratory Medicine
AIMS, Kochi, Kerala

ORGANIZING TEAM

DR AKHILESH K

MD

Professor Department of
Respiratory Medicine
Amrita Hospital, Kochi

DR NITHYA HARIDAS

MBBS, MD

Associate Professor
Speciality: Pulmonary Medicine
Amrita Hospital, Kochi

SCIENTIFIC ADVISORS

DR DEEPAK TALWAR

MD, DTCD, DNB, DM (Respiratory and Critical Care Medicine)

Director & Chair
Pulmonary, Sleep & Critical Care Medicine
Metro Institute of Health Sciences, Noida

DR SUJEET RAJAN

MD, DETRD, DNB (Respiratory Medicine)

Consultant Respiratory Physician
Interstitial Lung Diseases
Bombay Hospital Institute of Medical Sciences and Bhatia Hospital, Mumbai

INTERNATIONAL FACULTY

PROF. ATHOL WELLS

MBChB, PhD, MD, FRACP, FRCP, FRCR

Consultant Respiratory Physician
Royal Brompton Hospital
Professor of Respiratory Medicine
Imperial College, London, UK

Chairman of the British Thoracic Society for Interstitial Lung Disease group which has formulated guidelines for Interstitial Lung Disease

Contributed to the American Thoracic Society/European Respiratory Society group which has revised Guidelines related to Idiopathic Pulmonary Fibrosis

Principal chair of ERS Consensus Statement on Diagnosis and Management of Idiopathic Pulmonary Fibrosis and ERS task force statement on Interstitial Lung Disease in Connective Tissue Disease

Member of ACCP Guideline on Diagnosis of Hypersensitivity Pneumonitis

Vice-President of the World Association of Sarcoidosis and Other Granulomatous diseases (WASOG) and is a member of ERS/WASOG Guideline on the Treatment of Sarcoidosis
